

Orbital

Project Log and Wiki Details

To dos

- Did you post your question to Askbot?
 - Don't forget to log in so that we can assign participation credit later
- Read some of the answers on Askbot
- Don't give up - keep at it! Hack away
- Attend Mission Control if you'd like
 - We'll be online in Askbot during that time and on Hangouts (if we can get the tech to work!)

Log

- For tracking hours worked

Wiki

- For your peer evaluators to see what you've done

Both functions available under IVLE Project

- But we don't necessarily recommend using IVLE's project tools

Project Log

"Log": to ensure you've accumulated the number of hours

- Log the hours that you've worked on each particular aspect of your project
- Can be by team or individually
- Round to nearest hour
- Count Liftoff / Mission Control Hours
- Count fact-finding (e.g., stack overflowing)

Project Wiki

"Wiki": for your peer evaluators to evaluate and provide feedback

- Project report
- What happened since last round
- Issues/Questions to evaluators
 - Especially any administrative ones (e.g., availability)

Project Report

1. Vision / Motivation
 - Competitors
 - Stakeholders
2. Problem Statement
 - Input Requirements (external dependencies)
3. Design
 - Tech Stack (and Justification)
 - Libraries / Plugins
 - Data Schema

Project Report

4. Roles / Responsibilities
 - Planning (linked to Project Log)
5. Testing
 - User/Stakeholder
6. Project Log
 - Can just provide a link to your project log

Documentation

- Aim for about 30 minutes needed for a group to read everything needed for your project's status report
 - That's 1 1/2 hours for you to do likewise (3 teams assigned for peer evaluation)
- You also give feedback on feedback
 - Star ratings to summarize; needed for certain levels of achievement

Evaluation Facets

1. User requirements analysis
2. UI / System Architecture:
 - UI: Aesthetic appeal
 - Architecture: Justification
3. Project Documentation: Wiki and Video
4. Refinements
5. Testing
6. Collaboration Tools: Use of tech for project management

Peer Evaluation

- Peer evaluation questions will be in IVLE
 - Will include some form questions (i.e., go / no-go) Will include free text for peers to provide answers to your team on your concerns / administrative issues
 - Confidential fields (including star ratings) to send alerts to the Orbital staff
